

David G • You

Student at University of Texas at Dallas

now •

Earlier in the semester, I was able to attend the club fair in the School of Management building, where I previewed Business-related clubs to join. This event was a great way for me to preview the different Finance clubs that I was hoping to get acquainted with as a new transfer student at the University of Texas at Dallas. I especially took interest in the Financial leadership association, where I could network with other like-minded finance students.
